

Dear Parents,

Lamar Consolidated ISD is excited to roll out the **Canvas Learning Management System** to all elementary schools during the 2018-19 school year. Canvas is a digital tool that allows teachers, students, and parents a single platform for accessing a variety of educational resources online, all in one location.

Elementary school teachers and students are learning how to use a variety of Canvas features this year. You will begin to see some of these features implemented in different ways as the year progresses. Please be patient with the teachers and students as they are also learning the platform themselves.

Canvas parent accounts are automatically generated based on the email address you have on file in the Skyward Family Access portal. In order to learn more about the parent side of Canvas, please visit the **Canvas Information** page on the LCISD website by navigating to <http://www.lcisd.org> and clicking on the **Canvas** graphic. This page contains video tutorials that demonstrate how to log in with your Canvas parent account and how to navigate and use Canvas as a parent. By using Canvas, you will be able to communicate and collaborate with your child's teacher on your child's learning experiences. If you have any questions about Canvas, please contact your child's campus and we will get you the support you need.

We look forward to having Canvas be our one stop shop for communication and learning!
Thank you for embarking on this Canvas journey with us!
