

**8110 Law Enforcement I**

Credit: 1

Prerequisite: None

Law Enforcement I is an overview of the history, organization, and functions of local, state, and federal law enforcement. This course includes the role of constitutional law, the United States legal system, criminal law, law enforcement terminology, and the classification and elements of crime. You will analyze law related to victims and witnesses.

**8120C Law Enforcement II**

Credit: 1

Prerequisite: Law Enforcement I

Law Enforcement II provides the knowledge and skills necessary to prepare for a career in law enforcement. This course includes the ethical and legal responsibilities, operation of police and emergency telecommunication equipment, and courtroom testimony. The student achieves the academic knowledge and skills required to prepare for post-secondary education and a career in law. Explore civil law enforcement procedures for serving writs, warrants, and summons enforcement. Present testimony in legal proceedings in accordance with courtroom procedures. Explore new and emerging technologies in law enforcement. This course can earn college credit based on Articulation agreements; which are subject to change.

**8130C Courts Systems & Practices**

Credit: 1

Prerequisite: Law Enforcement II

This is an overview of the federal and state court systems, that identifies the roles of judicial officers and the trial processes from pretrial to sentencing and examines the types and rules of evidence. Emphasis is placed on constitutional laws for criminal procedures such as search and seizure, stop and frisk, and interrogation. This course can earn college credit based on Articulation agreements, which are subject to change.

**8131W Correctional Services**

Credit: 1

Prerequisite: Court Systems & Practices

This course will prepare you for certification required for employment as a correctional officer. Learn the role and responsibilities of a correctional officer; discuss relevant rules, regulations, and laws; discuss defensive tactics, restraint techniques, and first aid procedures as used in the correctional setting. The student will analyze rehabilitation and alternatives to institutionalization. This course can earn college credit based on Articulation agreements which are subject to change. The Basic Correctional Officer Certification and the National Emergency Communications Certification 9 1 1 testing will be available to all students meeting testing criteria; see teacher for these details.

**8153W Practicum in Law, Public Safety, Correction and Security**

Credit: 2

Prerequisite: Court Systems and Practices

Student must complete interest form for enrollment and attend a meeting with the instructor. Students will participate in a teacher-approved training station (onsite or offsite, paid or unpaid) of 16 and hold a valid work documentation to enroll in a paid practicum experience working at least 10 hours per week. Transportation to and from the training station is the responsibility of the student. Workplace visits required by teacher of record every 6 weeks. Training station evaluation will count as 30% of the student's grade.

The Practicum in Law, Public Safety, Correction and Security course is designed to give students practical application of previously studied knowledge and skills. Practicum experiences can occur in a variety of locations appropriate to the nature and level of experience. This course requires employment to allow students to become proficient in a Law, Public Safety, Correction and Security area. The coursework is designed to give students supervised practical real-world application of previously studied knowledge and skills in Law, Public, Safety Correction and Security.

**8153EW Practicum in Law, Public Safety, Correction and Security -Extended**

Credit: 2

Prerequisite: Court Systems and Practices

Extended is for students who work a minimum of 15 hours a week in a teacher-approved training station (paid or unpaid off site) for continuation in this course, must be a minimum age of 16 and hold a valid work documentation to enroll in a paid practicum experience. Transportation to and from the training station is the responsibility of the student. Workplace visits required by teacher of record every 6 weeks. Training station evaluation will count as 30% of the student's grade.

This course completes the coherent sequence in the field of Law, Public Safety, Corrections, and Security. This occupationally specific course is designed to provide classroom technical instruction and on-the-job training experiences. Students will work on fine tuning their Law, Public Safety, Corrections, and Security skills, safety, work ethics, and job-related study in the classroom. Instructor will provide industry standard training as well as Industry certifications opportunities.

**8140C Forensic Science**

Credit: 1

Prerequisite: Biology and Chemistry

Forensics is a structured and scientific approach to the investigation of crimes of assault, abuse and neglect, domestic violence, accidental death, homicide, and the psychology of the criminally insane. Learn basic terminology and investigative procedures related to crime scene, question building, interviewing, criminal behavior characteristics, and scientific procedures used to solve crimes. You will have the opportunity to collect and analyze evidence through case studies and mock crime scenes. Lab activities will be based on crime scene scenarios and analyzing fingerprints, ballistics, and blood spatter. Learn about the history, legal aspects of forensics, and career options available in the forensic field. This course is a Career and Technical Education funded course, and requires 40% laboratory and fieldwork requirements. This course can earn college credit based on Articulation agreements, which are subject to change.
