

7409 Principles of Education & Training

Credit: 1

Prerequisite: None

Are you interested in sharing your knowledge and talents with others through teaching? Then explore this diverse group of careers that prepares learners to plan, manage and provide education and training services and related learning support services. Some of the areas of training are: teacher, corporate and physical trainer, sign language interpreter, recreation worker, coach, parent educator, social worker, principal and administrator. Learn how to present your knowledge and skills to assist learners in grasping new information, apply what they have learned, and become successful learners.

TEACHING & TRAINING

7410C Human Growth & Development

Credit: 1

Prerequisite: None; Principles of Education & Training for Education & Training Endorsement

What does learning to walk have to do with brain development? Why are social interactions so important for late adults to help them maintain a healthy self-esteem? These topics and many more are explored in the study of human development across the life span from pre-natal to late adulthood. Areas of study include developmental milestones, current trends in research, theories and human relationships. You will also explore careers related to human development, which leads into further studies at the post-secondary level. This course can earn college credit based on Articulation agreements, which are subject to change.

7420C Instructional Practices

Credit: 2

Prerequisite: Human Growth & Development; Student must complete an interest form for enrollment and attend a meeting with instructor.

Do you remember that teacher who had such an impact on your life? Have you considered entering the education field but are unsure where in that field you would fit? This year-long course is for students interested in exploring the field of teaching through observation, discovery, lecture, cooperative learning, speakers, analysis of current issues, and utilization of technology. Learn about education areas of early childhood, elementary and secondary instruction as well as special populations. Practice a variety of hands-on activities using instructional strategies and research-

based decision making techniques. Each student will work as a teacher assistant in various areas and levels to explore various career options. Transportation to and from internship is provided by the district. Training station evaluation will count as 30% of the student's grade This course can earn college credit based on Articulation agreements, which are subject to change.

7430C Practicum in Education & Training

Credit: 2

Prerequisite: Instructional Practices

Student must complete an interest form for enrollment, complete a Background Check through the District and attend a meeting with instructor. Students in this course will participate in a work-based learning training station (unpaid) and must be a minimum age of 16.

Want some actual hands-on experiences working with children? Is teaching right for you? This year-long course offers students the chance to actually shadow and assist teachers in an unpaid internship setting. Work with classroom teachers at the elementary and/or secondary level to understand effective instructional techniques for all learners; internships are developed by the high school instructor of the course. Transportation to and from the internship is provided by the district. Training station evaluation will count as 30% of the student's grade. This course can earn college credit based on Articulation agreements, which are subject to change.
