Guidelines

2020
2021

Lamar CISD continues to work with local and state officials as we provide safe and effective instruction during the COVID-19 pandemic.

2020
2021

Instruction

The District continues to see increased enrollment in our on-campus instructional model at each grading period transition.

Approximately 66% of all students are currently receiving on-campus instruction, while 34% are receiving virtual instruction.

Total Students: 36,588

On-Campus Students: 24,234

Virtual Students: 12,354

2020
2021

Dashboard

We launched our COVID-19 Dashboard in September and it is updated twice daily Monday – Friday.

Parents and staff can visit the site at their convenience for the latest snapshot of COVID-19 active cases in Lamar CISD.

Districtwide Cases: 80

Student Cases: 51
(Elementary 17, Middle 5, Junior High 9, High 20)

Staff Cases: 29

Contact Tracing

The District works collaboratively with the Local Health Authority and informs the County of all positive cases.

Periodic campus visits by the Fort Bend County Health Department have occurred to ensure safety protocols and health guidelines are in place.

We recently received positive feedback for student spacing at lunch and the separation of students with our directional hallways.

M&O

All campuses and facilities are Emisted on a monthly rotation with a hospital-grade disinfectant.

Any campus or facility with a lab-confirmed COVID-19 case is also Emisted immediately.

2020
2021

M&O

The M&O Department delivered 25,000 washable face masks to all District employees last week.

In all, 75,000 washable masks have been provided for employees for the fall 2020 semester.

Disinfecting wipes continue to be available for all classroom areas.

12,900 student desk barriers have been delivered to campuses across the District.

Child Nutrition

Recent federal and state updates allow the District to continue to provide free meals for all students through June 2021.

Child Nutrition has set up 19 distribution sites.

Meals are ordered online by Wednesday at 8 pm, for pick up the following Monday.

2020
2021

Technology

The Technology Services Department is in the process of deploying the second order of 4,000 laptops purchased following the pandemic.

These deliveries started November 17 and will continue for the next few weeks.

Technology staff continue to assist staff and students through the student help desk, which was created in response to support virtual learners.

Financial Services

Financial Services has filed five reimbursement claims under the CARES Act totaling \$4.874 million, of which roughly \$135,000 has been received to date.

These claims would reimburse the District for items such as:

- Staff/student laptops and iPads ordered in the Spring of 2020.
- Salaries for staff who worked during the week of closure, salaries for certain other qualifying staff (special education support), PPE and virtual instruction equipment and supplies

Campus Support

The District implemented “No Meeting November” to minimize non-essential meetings, while providing staff with additional time.

The Academics Department has assisted campuses by having central office staff call parents of struggling virtual students.

The Board approved a waiver expansion for annual teacher appraisals. This was a November action item on the Board agenda.

2 hour meeting maximum
